

## **Paul Cutler**

Treasurer

Paul Cutler is treasurer for NextEra Energy, Inc., one of America's largest capital investors in infrastructure and the world's largest generator of renewable energy from the wind and sun. NextEra Energy has a market capitalization of roughly \$150 billion, making it the largest electric company in the world by market capitalization, and has delivered a total shareholder return of approximately 1,082% for the last 15 years to its investors.

In 2021, NextEra Energy was ranked No. 1 in the electric and gas utilities industry on Fortune's list of "Most Admired Companies" for the 14th time in 15 years. NextEra Energy was named on the inaugural 2021 TIME100 Most Influential Companies list as a disruptor that is shaping a sustainable energy future, making an extraordinary impact around the world. NextEra Energy is focused on attracting and retaining a diverse, highly skilled and multi-generational workforce who can help drive innovative and creative solutions to meet the continually evolving needs of the company's customers. Last year, NextEra Energy's NEXT Summer intern program welcomed nearly 200 interns from universities across the country.

Paul is also treasurer for NextEra Energy Partners, LP (NYSE: NEP), a growth-oriented limited partnership formed by NextEra Energy, Inc. that acquires, manages and owns contracted clean energy projects with interests in wind and solar projects in the U.S. as well as natural gas infrastructure assets in Texas and Pennsylvania.

As treasurer, Mr. Cutler is responsible for the capital management and financing activities for these companies and various subsidiaries, including project-related financings, maintaining corporate credit ratings, banking relationships, short-term liquidity and cash management functions.

Mr. Cutler joined Florida Power & Light Company in 1984 as a financial analyst and has held positions of increasing responsibilities over his career.

He holds a bachelor's degree in finance from Arizona State University, a master's degree in business administration and a master's degree in computer information systems from the University of Miami. He serves on the Florida Council on Economic Education, as well as the MBA Advisory Board at the University of Florida.

NextEra Energy, Inc. (NYSE: NEE) is a leading clean energy company headquartered in Juno Beach, Florida. NextEra Energy owns Florida Power & Light Company, which is the largest rate-regulated electric utility in the United States as measured by retail electricity produced and sold, and serves more than 5.6 million customer accounts, supporting more than 11 million residents across Florida with clean, reliable and affordable electricity. NextEra Energy also owns a competitive clean energy business, NextEra Energy Resources, LLC, which, together with its affiliated entities, is the world's largest generator of renewable energy from the wind and sun

and a world leader in battery storage. Through its subsidiaries, NextEra Energy generates clean, emissions-free electricity from seven commercial nuclear power units in Florida, New Hampshire and Wisconsin. A Fortune 200 company and included in the S&P 100 index, NextEra Energy has been recognized often by third parties for its efforts in sustainability, corporate responsibility, ethics and compliance, and diversity. NextEra Energy is ranked No. 1 in the electric and gas utilities industry on Fortune's 2021 list of "World's Most Admired Companies" and received the S&P Global Platts 2020 Energy Transition Award for leadership in environmental, social and governance.
